

## Run DNA

The Avalanches

Think about it,  
I was there you'd be staring at the back of me,  
With your tight jeans set in a pony tail,  
Deep sea trails,  
Mama Sue flirting in your caravan show

It's in my back,  
It's in my back,  
It's in my back,  
My S100 boyfriend,  
It's in my back,  
Undercover DNA,  
It's in my back,  
Stylus in my jeans,  
It's in my back pack,  
Stylus in my jeans.  
It's in my back pack

My favourite magazine,  
It's in my back pack,  
My stylus 7 inch,  
It's in my back pack,  
My electronic organ,  
It's in my back pack,  
My S900 girlfriend,  
It's in my back pack,  
My S100 boyfriend,  
It's in my back pack,  
Undercover DNA,  
It's in my back pack,  
Stylus in my jeans,  
It's in my back pack,  
Stylus in my jeans.  
It's in my back pack...
