

# BEAUTIFUL

The Avener

Believe me when I say this  
Been on my mind for ages  
Couldn't think of a better time

Tonight  
You know how far I'd go  
Pick an island and I'll start to row  
These little words brought about a smile

And tonight  
I've got to be honest  
Talking with my heart  
Do you know you are  
Beautiful  
Beautiful  
You are  
Beautiful

The what ifs, the waters  
Your weakness is my weakness  
And your strength is my strength  
And I'll die to make it better

Beautiful  
You are  
Beautiful

My thumb against your lower lip  
Feels as natural as the ocean is  
There's more to you than what meets the eye

And tonight  
I've got to be honest  
Talking with my heart  
Do you know you are  
Beautiful  
Beautiful  
You are  
Beautiful

The what ifs, the waters  
Your weakness is my weakness  
And your strength is my strength  
And I'll die to make it better  
Beautiful  
You are  
Beautiful
