The Glorious Epic of Three Men Who Are Awesome

The Axis of Awesome

Through the mist of smoke and flame Rides a man, a mighty lord His foes fall in pain Women cry his name
The gift of rock his reward

With a voice that can power lightbulbs Wound a bear and shatter souls He calms the hounds of Hades All the single ladies Put your hands up Rock 'n Roll

Under rock and craggy mountain In the ancient hall he dwells His piano shines with glory He sings an ancient story Of betrayal by the Elves

Wait, sorry. Ancient halls? Elves? You're making me a dwarf, aren't you?

No, no. You are a mighty warrior

His six brothers, grim and beardy They saw a maid, as white as snow A magic mirror found her Now she's off, they flounder Hi-ho, hi-ho, it's off to work he goes

Ah, thanks. I'm a dwarf then, a Disney dwarf

Yes, yes! A mighty, mighty dwarf!

Man of earth and man of fire
Battle brothers to the core
Valor soaring ever higher
But we're empty, lost without one more

Hello, my name is Lee And I play the guitar And I play the guitar!

What?

And so we ride onwards to destiny Our foes and enemies slain Fighting fierce beasts, eating their meats We ride! And Awesome's our name

Jordon!

Riding on a skeleton horse of fire!

Lee!

Riding on a skeleton horse of fire!

But no, I'm riding a skeleton horse of fire

Ya, you have to pick something different

Lee!

Riding on a skeleton horse of... water!

What? A waterhorse?

You mean like a seahorse?

Well, at least I'm not riding on a chicken!

Who said I'm riding on a chicken?

Benny!

Riding on a chicken!

But why do I have to ride a chicken? You guys got to choose yours! I want to ride a dragon!

And so we ride onwards to destiny On horse, seahorse, and hen Evil destroyed, homeless employed We ride! From now till the end

And in the misty halls of Asgard Where the Gods watch over man They tried to curse the Axis for our pride

But alas, we were too awesome Their powers weak against our might So we kicked them in the balls And then they cried

And so we ride onwards to destiny With swords and weapons and shit Lightning will flash Thunder will clash We ride into infinity!

We fly and don't need a plane We'll fill you with love Till heaven and earth combine! And Awesome's our name
