

Grass Is Greener

The Babys

A head full of wild ideas
Can I do this? Is it in the plans?
It's a wild wild world out there
Returning my questions unanswered
Now I believe our destiny
Will surely come to the best
So believe this baby it's gonna be alright
We'll take our time to work it out
All the grass is greener on the other side
Welcome to the great divide
When opportunity comes knocking
You just got to answer the door
Why refuse to see
That our lives are worth something more
Now I believe our destiny
Will surely come to the best
So believe this baby it's gonna be alright

We'll take our time to work it out
All the grass is greener on the other side
Welcome to the great divide
People get divided by what they can hold on to
(You've been searching looking for an easy way out)
You have decided there's so much more for me and you
But there's no easy way out yeah
I believe our destiny
Will surely come to the best
So believe this baby it's gonna be alright
We'll take our time to work it out
All the grass is greener on the other side
Welcome to the great divide
So believe this baby
It's gonna be alright
Oh yeah
