

## Read My Stars

The Babys

Say you love me  
I know you do  
Go anywhere I want you to  
Yeah but I love ya  
So now I read my stars  
Gettin' worried  
I face the floor  
Hearin' noises outside my door  
Think it's friends  
Can't be sure  
So now I read my stars  
And now I turn the cards  
Is it love  
Oh I don't know  
Is it real I can't tell  
Why the smile  
Well I'm happy  
Do you know her that well  
Is it strange  
Well I don't know  
Seein' stars all around yeah  
It's a spell yeah I think so  
Seein' rainbows well  
Crystal gaze and visions fade  
Make the card the ace of spades  
Can't walk the streets  
I don't feel safe  
So now I read my stars  
Say you love you me I know you do  
Do anythin' I want you to  
Oh the things you put me through  
So now I read my stars  
But where to turn the cards
