Into The Thick Of It!

The Backyardigans

Into the thick of it. Into the thick of it
Into the thick of it. Ugh!

We're tramping through the bush
On and on we push. Into the thick of it
But we can't see where we're going
We've made a stellar start
To find the jungle's heart
But all we'll find is nothing
If we can't see where we're going!
Into the thick of it

Into the thick of it. Into the thick of it
But we can't see where we're going!

Into the thick of it
Into the thick of it. Into the thick of it
But we can't see where we're going! Ugh!

The jungle's kind of tricky
The path is never straight
And sometimes there's no path at all
Which makes it hard to navigate
Although the jungle's thick
We're moving through it quick
But that won't do us any good
If we're going around in circles
Into the thick of it

Into the thick of it. Into the thick of it
We're going round in circles! Ugh!

These trees look so familiar
We've been here once before
You're right, except it wasn't once
It was three times, or four
Stuck in the thick of it!
Stuck in the thick of it!
Stuck in the thick of it!
We've gone around in circles
