

Rockabilly Lullaby

The Backyardigans

Rest my little darlin'. you've had a busy day
The sun is a fallin', and it's time for me to say Hush...

Hush...

Hush little mermaid, goodnight

Hush...

Hush little mermaid, sleep tight

Close your eyes, close your eyes and lay down your head
In your peaceful ocean bed, have a snooze, please, like I said

And hush...

Hush...

Hush little mermaid, goodnight, hush little mermaid, sleep tight
t

You're feeling kind of sleepy

You're feeling kind of loopy

Your fins are getting floppy

And your eyelids getting droopy

May your dreams be sweet as you fall into a snooze
Perhaps again we'll meet but now we have to cruise, so hush...

Hush...

Hush, little mermaid, goodnight

Hush...

Hush little mermaid, sleep tight, hush... Hush little mermaid,
goodnight

Hush little mermaid, hush little mermaid, goodnight
