

Shake Your Body

The Backyardigans

Shake, shake, shake, shake your body, shake it, shake, shake, s
hake, shake your body down
Shake, shake, shake, shake your body, shake it, shake, shake, s
hake, shake it to the ground

Shake it, shake it, shake it!

Wiggle it, wobble it, quake it!
Shake those vines right off your shoes, we have got no time to
lose

Shake your arms till they get loose, and shake your head and...
your caboose!

Shake, shake, shake, shake your body, shake it, shake, shake, s
hake, shake your body down
Shake, shake, shake, shake your body, shake it, shake, shake, s
hake, shake it to the ground
Shake it, shake it, shake it!
Wiggle it, wobble it, quake it!

We're questing through the jungle

Those vines were fierce and fungal

But we got out of that bungle

And now we're moving, moving on!
Shake it, shake it, shake it!
Wiggle it, wobble it, quake it!
We're out of those vines and gone!
