

Skate Ahead

The Backyardigans

We all gotta skate, or we'll be late!

We gotta skate fast and we gotta skate straight

Skate ahead, straight ahead, skate ahead, skate!

These skates we got are pretty neat, like having little sleds on the bottom of your feet!

Skate ahead, straight ahead, skate ahead, skate!

How about we skate in circles, or make a figure eight?

That might be fun if we had time, but we're a little late

Yeah, loop-de-loops are fine for show!

But the problem is they're kind of slow

Skate ahead, straight ahead, skate ahead, skate!

Let's speed up more and get there soon!

And howl like puppies at the moon!

Skate ahead, straight ahead, skate ahead, skate!

Skate ahead, straight ahead, skate ahead, skate! Skate ahead, straight ahead, skate ahead, skate!
