

## Those Bones

The Backyardigans

Those bones, those bones, those old bones  
Those bones, those bones, those old bones  
Those bones, those flapo-  
saurus bones, we're gonna find those bones!

Oh, the wing bone's connected to the toe bone

The toe bone's connected to the foot bone

The nose bone's connected to the flap bone

We're gonna find those bones!

The little bone's connected to the big bone

The big bone's connected to the bigger bone

The bigger bone's connected to the really big bone

We're gonna find those bones!

We're gonna look and look till we find the bones

Then we'll dig and dig and dig the bones

We'll find those flaposaurus bones, buried in these hills!
