

Save My Life

The Band CAMINO

(Save my life)

(Save my life)

You're beautiful when you're lyin'
And hurtin' me just for fun
So keep twisting the knife in
And telling me I'm the one

When I'm with you
It's just too hard to say goodbye
So do what you do, tear me apart
'Cause even when I try

I can't turn you down
To save my life
If you're gonna break a heart
Then come break mine
And love me right to the edge again
Kiss me higher than I've ever been
'Cause I can't turn you down
To save my life

To save my—
(Save my life)

I only feel this alive when
You're making it hard to breathe
Even if I survive it
You'll still be the death of me

When I'm with you
I don't know how to say goodbye
So do what you do, tear me apart
'Cause even when I try

I can't turn you down
To save my life
If you're gonna break a heart
Then come break mine
And love me right to the edge again
Kiss me higher than I've ever been
'Cause I can't turn you down
To save my life

To save myself from you
All the hell you put me through
I can't function, I can't fight you
I can't run, 'cause even if I tried to

I can't turn you down
To save my life
If you're gonna break a heart
Come break mine
And love me right to the edge again
Kiss me higher than I've ever been
'Cause I can't turn you down
To save my life

To save my-
