

# I Ain't Running

The Band of Heathens

You showed him the right way to live again  
He led you the wrong way from love  
Down one way streets, kneeling down at his feet  
Kicking your heart all onto the floor

Smoke cigarettes, take bets, whatcha got in mind  
I'll be here with you for right or wrong

'Cause I ain't running, I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
Of your heart

Choose if you will but I must confess  
The game it is over, match it is won  
Come ride with me, we're free, whatcha got in store  
I'll be here with you when it all goes down

'Cause I ain't running, I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid

Brilliant lady, you're so shady  
Always waiting, always...

I ain't running I ain't afraid...
