

King Kong

The Baseballs

You dance like Dita von Teese
I'll die with blood on my knees
I wanna do all the things that you please
'Cause you shock me - you rock me
C'mon, c'mon, c'mon, c'mon

King Kong - everybody do the King Kong
King Kong - everybody do the King Kong
Sing along
We're gonna do the King Kong all night long

I ride with the devil inside
Born good and god knows I tried
I just wanna dance through the night
'Cause I like it, I like it
C'mon, c'mon, c'mon, c'mon

King Kong - everybody do the King Kong
King Kong - everybody do the King Kong
Sing along
We're gonna do the King Kong all night long

Keep me dancin' til the broad daylight
Come on closer let me hold you tight
You look so pretty and you feel so right
I wanna King Kong, King Kong tonight

King Kong with me
King Kong with me
King Kong with me
King Kong with me

King Kong - everybody do the King Kong
King Kong - everybody do the King, King Kong
Sing along

King Kong - everybody do the King Kong
King Kong - everybody do the King Kong
King Kong - everybody do the King, King, King Kong
King Kong - everybody do the King, the King, the King, King, King, King

King Kong
