Like a Champion

The Baseballs

I was a high school loser never on my game
Like a side show feak in the cirque de so lame
Always the last one left when they're picking their teams
I thought that pretty girls lived just to crush a my dreams

But since you came along - I can do no wrong
Yeah you knocked me out the ballpark
Ran me round the bases
An' every single time we touch

It's like I hit a home run - For the Red Sox
Scored a touch down
I'm in the sweet spot
Baby let me be your MVP
I'm a champion when you're on my team
Like a Slam dunk for the Allstars
Win the Indie 500 in my beat up ol' car
Top spot I'm the worldwide number one
You make me feel like a champion
Cha-, cha-, cha-, champion

I gotta pinch myself when you tell me you're mine
It's like I score the Super bowl winner in extra time
Let's take a champagne shower as we lift the cup
Cos you shaking my bubbles and you make me go pop

Since you came along
I can do no wrong
Yeah you knocked me out the ballpark
Ran me round the bases
An' every single time we touch

It's like I hit a home run...

Like a champion!
Cha-, cha-, cha-, champion

You're my Grand slam, undefeated
Always play straight, I never cheated
Cos I'll cone running like a lightning bolt
When you say ready set go go go!

It's like I hit a home run...
