

# Did I Ever Stand a Chance?

## The Basics

Did I ever stand a chance, oh no  
I need an answer  
(He needs an answer)  
Did you feel anything for me at all?  
I've got to know  
(He's gotta know)  
Did I move too fast, did I take too long  
Did I come on much too strong?  
Did I ever stand a chance? Oh please  
Please let me know  
I'm doing fine out here by myself  
(He's doing fine all by himself)  
But I was thinking 'bout how I felt  
(He's thinking about you)  
About you  
Now tell me  
Did I ever stand a chance, oh no  
I need an answer  
(He needs an answer)  
Did you feel anything for me at all?  
I've got to know  
(He's gotta know)  
Did I move too fast, did I take too long  
Did I come on much too strong?  
Did I ever stand a chance? Oh please  
Please let me know  
I play it cool, I'm just a friend now  
(He plays it cool, he's just a friend)  
Still, I wonder how things turned out like they did  
(Was it, was it) Was it how I looked? (Was it how he looked?)  
(Was it, was it) Was it what I said? (Was it what he said?)  
(Was it, was it) Was it where it was? (Was it where he was?)  
(Was it, was it) Was it 'cause I smelt? (Was it 'cause he smelt?)  
Did I ever stand a chance, oh no  
I need an answer  
(He needs an answer)  
Did you feel anything for me at all?  
I've got to know  
(He's gotta know)  
Did I move too fast, did I take too long  
Did I come on much too strong?  
Did I ever stand a chance? Oh please  
Please let me know  
Oh please  
Please let me know  
Oh please  
Please let me know
