

Boredom

The Bates

Boredom

Seems it's over
Like a lightning is come before you can say it's a lightning

The sun shines everyday
But my room is black
And I prefer to be sad

Waitin' for the next lightning
The sun shines everyday
To blind my eyes
To suck out my boredom
For an insane
For an insane

But it's all so bad
It doesn't hurt

Boredom
Boredom

Seems it's over
Like a lightning is come before you can say it's a lightning

The sun shines everyday
But my room is black
And I prefer to be sad

Waitin' for the next lightning
The sun shines everyday
To blind my eyes
To suck out my boredom
For an insane
For an insane

But it's all so bad
It doesn't hurt
