Good Times Are Gone

The Bates

You say you had enough from me
You just can't go on
You say that I'm looser
And all I do is wrong
You say you play my ....
Baby that's true
I could never buy you diamond ring
But I will steal it for you

I was .... your superman
And you was ... my qeeen
Now you look for the money-man
....
You say you play my ....
Baby that's true
I could never buy you diamond ring
But I will steal it for you

The good times are gone
Too many things were wrong
The good times are gone

You don't get excited
When I call your name
There were time when it was different
Now it's only the shame
Don't tell me I'm guilty
I know it better now
It was 50/50
I will get out that somehow

The good times are gone
Too many things were wrong
The good times are gone

You say you had enough from me
You just can't go on
You say that I'm looser
And all I do is wrong
Don't tell me I'm guilty
I know it better now
It was 50/50
I will get out that somehow

The good times are gone
Too many things were wrong
The good times are gone

The good times are gone
Too many things were wrong
The good times are gone
