

It's Me Again

The Bates

Hello
yeah it's me again
You say we should stay friends
So don't put down the phone

I just wanted to tell you
that I cry
All day and all night
Baby it's true

Tell me anything but don't speak out his name
'cause it will hurt me again
You can't imagine how I feel
Oh no, oh no

Please don't put down the phone
I'm feeling so alone
Please don't put down the phone
I'm so alone

Please don't forget me
Tell me that you care
Let me feel you there
I'm feeling so alone

Tell me anything but don't speak out his name
'cause it will hurt me again
You can't imagine how I feel

Oh no, oh no (2x)
