Sick

The Bates

The sun shines through my window and the birds sing in the tree
s
Outside they have their fun
Without me
I lie in bed
I'm sick

Repeat vers one

My friends are gone swimming
Or they have some meal in the park
And the girls oh yeah
They're gone out with the girls
I am at home
I'm sick

They forgot me
Have their fun without me
They get around
Oh yeah
Going to partys
I feel like I'm dead
I'm sick

Sick!
