

Wallflower

The Bates

Hey Wallflower don't be sad
rub tears, get out of bad
the boy you love doesn't notice you
hey little girl there is something to do

Change your clothes
this is about style
try just a little bit
wild
Feel your power
let it out
You gotta be cool and a little bit proud

WALLFLOWER in the rain
get on your feet again
this is not the end
WALLFLOWER in the rain
get on your feet again
yeah, I'm still your friend

Uhhhh.....
ALRIGHT
