

## Snake Tongue

The Beaches

I can't say a lot for much attention  
'Cause these creeps come in from all directions  
Getting in my face  
Every single day

Cold snake tongue stuck out on the street  
I can see you staring at me  
Each time I walk by  
Cold snake tongue stuck in-between  
Two fingers shaped like a V  
Oh why would you think I'd wanna meet you?  
Oh oh

Just because I've got this fresh face  
Doesn't mean I wanna taste your toothpaste  
I'm not gonna play along  
I'm just gonna cut you off

Cold snake tongue stuck out on the street  
I can see you staring at me  
Each time I walk by  
Cold snake tongue stuck in-between  
Two fingers shaped like a V  
Oh why would you think I'd wanna meet you?

Stop sending me all your dick picks  
They are boring me to pieces  
Stop sending me all your dick picks  
They are boring me to pieces  
You think you're being flirtatious  
Staring me down on the pavement  
Stop sending me all your dick picks  
They are boring me to pieces  
You think you're playing a game when  
You're really just being lame and I hate ya

Cold snake tongue stuck out on the street  
I can see you staring at me  
Each time I walk by  
Cold snake tongue stuck in-between  
Two fingers shaped like a V  
Oh why would you think I'd wanna meet you?  
Why would you think I'd wanna meet you?  
Oh oh
