

## Youth Lament

### The Beaches

Sad soul is afraid to fly  
Can't see the sun, has swollen eyes  
Been crying 'bout the one that got away  
Says the world's too cruel  
It's too blue  
Every day she burns on the stake  
Got forever to feel that pain  
Let go of the dark if it wants to fade

It's only the beginning  
The start has just been triggered  
The bells, they keep on ringing  
You're part of a neverending story  
Your lines have not been written  
One day you'll see the morning

But you're young  
You're young

Dream of love  
Maybe that's not easy  
Scream out of your lungs 'til you can't breathe  
It's okay to lie  
It's okay to bleed  
Yeah, the world, it's cruel  
So be cool

It's only the beginning  
The start has just been triggered  
The bells, they keep on ringing  
You're part of a neverending story  
Your lines have not been written  
One day you'll see the morning

But you're young  
You're young  
You're young  
You're young

All alone with her silhouette  
Looks up from the magazines and cigarettes  
Wraps her body in arms  
And takes a breath

It's only the beginning  
The start has just been triggered  
The bells, they keep on ringing  
You're part of a neverending story  
Your lines have not been written  
One day you'll see the morning  
It's only the beginning  
The colours keep on dripping  
The bells, they keep on ringing

And you're young  
You're young  
You're young
