

Break the Breaker's Parts

The Bear Quartet

Break the breaker's parts
Show him who you really are
It's been raining cats and dogs

And the big bear
On the milky way
Fell down and the little bear
In the stratosphere
Got hung

Break the heart-breaker's heart
Full speed right from the start
When you swim for the bronze-frog

Here comes tonight
Just like it did last night
And the night before last night
Like any other night
Alright
