

## Electric Chair

The Bear Quartet

Pass me that bowl of soap  
Hands are dirty  
Did a crap thing  
Read your letters  
Got inside while you where out  
Searched your drawers,  
Opened closets  
Looked for skeletons

It's not much but it's a home  
Some privacy  
Some place to be alone  
It's not much but it's your home  
I violated  
Something holy

Pass me that bowl of soap  
Toothpaste won't do  
Mouth's too dirty  
Toads jump out  
I did some evil things  
I told some lies about the findings  
In your house

No, there's no electric chair  
So if you find one put me there

It's not much but it's a home  
Some privacy  
Some place to be alone  
It's not much but it's your home  
I violated  
Something holy
