I Would Be Poor

The Bear Quartet

If every little stone was gold
If every little straw was gold
If every little thing was gold
I would be poor
I would be poor
I would be poor
Unless you loved me

If every little stone was gold
If every little straw was gold
If all of me was gold
I would be poor
I would be poor
I would be poor
Unless you loved me

I would be poor
I would be poor
I would be poor
