

# Machine Gun

The Bear Quartet

You shouldn't feel so secure  
Your time is gonna come  
Any day may have a bullet with your name on it  
Some people are very sick of you  
And they know just what to do  
About it, yeah

No one is gonna miss you  
Except maybe for those who gonna go the same way  
So sleep now, wake up and look into the deadly end of a machine  
gun

Wrongdoings have been done to some  
Far too long  
Here's what I'm thinking about  
If everybody has a purpose  
Then let's just say  
You failed in serving yours

No one is gonna miss you  
Except maybe for those who gonna go the same way  
Sleep now, wake up and look into the deadly end of a machine gu  
n

No one is gonna miss you  
Except maybe for those who gonna go the same way  
Sleep now, wake up and look into the deadly end of a machine gu  
n  
Look into the deadly end of a machine gun  
Look into the deadly end of a machine gun  
Look into the deadly end of a machine gun  
A machine gun
