

## Not All Sounds Are Vowels

### The Bear Quartet

Calm down, take it easy  
Maybe you should read some books  
Stop your shouting and swearing  
Things are not as hard as they look

What is that noise  
Where is it coming from  
Is it your voice, oh no

Is it your voice  
Your talent showing off  
Remember, not all sounds are vowels

You're not making any sense  
Can you even form a full sentence  
Was this the best we could get  
Do you know the way  
Around the alphabet?
