

Bring Me Your Cup

The Beautiful Girls

And did I ever say
How I feel about you?
I think I never found
That easy to do

Things that you do
They don't need to be heard
And all your actions, girl
Speak louder than words

I got the bottle
Bring me your cup
Pop the cap
Can't dry us up
And when you're empty, I'll fill you up
We'll drink it down, until the sun comes up
(The sun comes up, oh, oh)

I'm heading home
Like a steaming train
Foot to the floor
In the driving rain

My head is aching
And my mouth is dry
I got a thirst that
Only you can satisfy

I got the bottle
Bring me your cup
Pop the cap
Can't dry us up
And when you're empty, I'll fill you up
We'll drink it down, until the sun comes up

I got the bottle
Bring me your cup
Pop the cap
Can't dry us up
And when you're empty, I'll fill you up
We'll drink it down, until the sun comes up
(The sun comes up, oh, oh)

I'm heading home
Like a steaming train
Foot to the floor
In the driving rain

My head is aching
And my mouth is dry
I got a thirst that
Only you can satisfy

I got the bottle
Bring me your cup
Pop the cap
Can't dry us up

And when you're empty, I'll fill you up
We'll drink it down, until the sun comes up
(The sun comes up, oh, oh)

I got the bottle
Bring me your cup
Pop the cap
Can't dry us up
And when you're empty, I'll fill you up
We'll drink it down, until the sun comes up
(The sun comes up, oh, oh)

I got the bottle

And when you're empty, I'll fill you up
