

Victims of Love

The Beauty of Gemina

Another Time for crucifying
It is a Time to shade us down
Every Lie, every Tear, every Thought
In the Name of Benedictus

Another Time to see God
All these cold and cold Hands around
Look in their secret Eyes here
Other Victims of Love

Perfect Time for crucifying
And it's the Time to see an Aim
They teach us the Limbus Patrum Lie
There are new Victims of Love

Perfect Time and in Time we die
And all this Hate, and all this Sorrow
All this Torture of this Love
In the Name of Benedictus

Victims of Love - Victims of Love
Victims of Love - Victims of Love
Victims of Hate - Victims of Faith

Victims of Reason - Victims of Enlightenment
Victims of Time - Victims of Time
Victims of Time
