

Miss You In My Life

The Belle Brigade

It hit me like a spotlight
In a flash I just felt so alone
And I could see the spiral
Like a symbol on the canyon wall
The longing lasts forever
Changing shape as you go along
Oh, and nothing gets easier
Even though the weight will make you strong

But I miss you in my life
I miss you in my life
I miss you in my life

And I could hear the sirens
They were singing on an empty shore
But it really sounded like silence
I couldn't tell what was going on
With the ocean getting violent
Feeling scared I wouldn't make it home
And it hit me like the big one
That I don't know what it is that I want

I miss you in my life
I miss you in my life
I miss you in my life

Oh, and I need you here

Oh my life
I miss you in my life
I miss you in my life
I miss you in my life
I miss you in my life
I miss you in my life
