

Madness

The Belle Stars

Well there's always someone out to get you
Can you hear them trying?
Putting all their wits against you
Can you hear me crying?
Working hard, so hard to do what I believe in
Know what's right, it's in my sight
Wish I was a star
In this madness (How can you handle it?)
And you help me handle it?
In this madness (What do you want me to do?)
Don't you want me staying?
In this madness
Won't you help me out now?
In this madness (Is this what you come to play?)
Don't you want me staying?
I may have lost my feet
But I still keep moving to the beat
The water is not so deep
And I know??? I'm kind of shining???
A voice said to me, "What you want?"
I said,???"Ruling and cheating"???
And I still keep??? rubber smiley???
And you all think I am sweet
In this madness (How can you handle it?)
And you help me handle it?
In this madness (What do you want me to do?)
Don't you want me staying?
In this madness
Won't you help me out now?
In this madness (Is this what you come to play?)
Don't you want me staying?
In this madness, it might good to know
Where this one was gonna go
Telling you it's suddenly no joke
So if you know what's going down?
Lent your ears to the sound
'Cause it gets you sooner or later
In this madness (How can you handle it?)
And you help me handle it?
In this madness (What do you want me to do?)
Don't you want me staying?
In this madness
Won't you help me out now?
In this madness (Is this what you come to play?)
Don't you want me staying?
In this madness (How can you handle it?)
It's so confusing
In this madness
I feel I'm losing
In this madness
And you help me handle it?
In this madness (What do you want me to do?)
Can't you want me staying?
In this madness
And you help me handle it?
In this madness
Don't you want me staying?

In this madness
Don't you bring me down now?
In this madness
Don't you want me staying?
In this madness
I feel I'm losing
In this madness (What do you want me to do?)
Don't feel like moving it
In this madness
Won't you help me out now?
In this madness
Try not to stay in
In this madness
Don't pull me down now
In this madness
You can count me out now
In this madness
Don't feel so hot now
