

Always There

The Belonging Co

You know everything about me
You know all my steps and all my days
You see everything within me
Still You draw me near

How precious are Your thoughts about me
When I'm far or when I'm close

Where can I go from Your presence
I can never escape You
I run to the mountains
You are there
In the valley of shadows
You are there
You're always there

You go before, behind me
Your goodness wrapped in every plan You've made
In the hopes, the tears, the waiting
You are already there

How precious are Your thoughts about me
When I'm far or when I'm close

Where can I go from Your presence
I can never escape You
I run to the mountains
You are there
In the valley of shadows
You are there

Where can I go from Your presence
I can never escape You
In the depths of the ocean
You are there
In the light and the darkness
You are there
You're always there

You're always there

In every season I see You moving
I know You're doing something good
In every promise I see You're faithful
I know You're doing something good
Come on remind your soul

In every season I see You moving
I know You're doing something good
In every promise I see You're faithful
I know You're doing something good

I know You're doing something good
I know You're doing something good

In every season I see You moving
I know You're doing something good

In every promise I see You're faithful
I know You're doing something good

Something good
You're always doing something good
Something good

Oh

Where can I go from Your presence
I can never escape You
I run to the mountains
You are there
In the valley of shadows
You are there
You're always there

You're always there
Yeah

Where can I go from Your presence
I can never escape You
In the depths of the ocean
You are there
In the light and the darkness
You are there
You're always there

You're always there
You're always there
You're always there

He never fails and He never will no
He never will no
You never leave us
You never fail

Oh, remind your heart remind your soul
Remember who your God is
Remember who your God is

Right now begin to remember what He's done for you
Remember everything He's done
Remember how He showed up for you right on time
Remember how He healed you

I remember how You healed me
I remember how You restored me
I remember how You restored my voice

I remember
I remember
I remember
I recall and I recount Your goodness
Your faithfulness
You're so good

As you remember - He's restoring your joy
As you remember - He's restoring your hope

We remember, we remember You, yes
We remember You

Everything's gonna be alright
Everything's gonna be alright

It's gonna be alright
Everything's gonna be alright

We remember You

We've never been forsaken
We've never been forsaken
We've never been forgotten
We've never been forgotten
You've never been forgotten
