

Loop

The Belonging Co

(Monday, Tuesday, Wednesday
I'll praise You
Thursday, Friday, and Saturday too
Sunday, forever, and always
It's on loop
It's on loop
It's on loop)

I was on the wrong track
Couldn't find my way back
You saw me where I was
You lifted my eyes up
And I will not forget that

You gave Your life
So here is mine
A sacrifice
What else could I do?

I owe it all to You
My praise is stuck on loop
For all the ways You worked it together
Turned the bad into better
God if anything's true

I owe it all to You
For all You've brought me through
You made my heart feel light as a feather
So I'll thank You forever
God if anything's true
I owe it all to you
