

# Mercy Of God

The Belonging Co

I still remember that first touch from Heaven  
It changed me forever, one prayer was enough  
With fear and with trembling, through tears and repenting  
I'll never forget it, the mercy of God

And I won't take it for granted, no I just can't understand it  
But I'm still undone by the mercy of God  
The more it's pulling me closer, the more I just can't get over it  
I'm still undone by the mercy of God

You love through conviction, reveal what is hidden  
The thoughts and decisions, that I cover up  
It's never to hurt me, it's how You preserve me  
I'm welcome and worthy by the mercy of God

And I won't take it for granted, no I just can't understand it  
But I'm still undone by the mercy of God  
The more it's pulling me closer, the more I just can't get over it  
I'm still undone by the mercy of God

Every breakthrough, every blessing  
God it's only by Your mercy  
Every rescue and redemption  
God it's only by Your mercy  
Every comfort and correction  
God it's only by Your mercy  
Every healing straight from Heaven  
God it's only by Your mercy

Every breakthrough, every blessing  
God it's only by Your mercy  
Every rescue and redemption  
God it's only by Your mercy  
Every comfort and correction  
God it's only by Your mercy  
Every healing straight from Heaven  
God it's only by Your mercy

Every breakthrough, every blessing  
God it's only by Your mercy  
Every rescue and redemption  
God it's only by Your mercy  
Every comfort and correction  
God it's only by Your mercy  
Every healing straight from Heaven  
God it's only by Your mercy

And I won't take it for granted, no I just can't understand it  
But I'm still undone by the mercy of God  
The more it's pulling me closer, the more I just can't get over it  
I'm still undone by the mercy of God  
Oh I'm still undone by the mercy of God

If my people, who are called by my name  
Will humble themselves, and pray  
And seek my face  
And turn from their wicked ways

Then will I hear from heaven  
And I will forgive their sins  
And I will heal their land

Heal our land  
God have mercy  
Heal our land  
God have mercy

Heal our land  
God have mercy, God have mercy  
Heal our land  
God have mercy, God have mercy  
Heal our land  
God have mercy, God have mercy  
Heal our land  
God have mercy, God have mercy  
So heal our land  
God have mercy, God have mercy  
Heal our land  
God have mercy, God have mercy

Heal our land  
God have mercy, God have mercy

'Cause Your mercy triumphs over judgment  
This is Your heart  
This is who You are  
Your mercy triumphs over judgment  
We know who You are  
Sing it out  
Well Your mercy triumphs over judgment  
God, Your mercy triumphs over judgment
