

No Turning Back

The Belonging Co

Jesus I believe
You are the Son of God
Willing as a King to die upon the cross
You didn't stay
Inside that grave
No one else has done the same

Jesus I confess
You're Lord of my life
I choose to say yes
To Your ways not mine
No more running
No more searching
You're the only one for me

And no turning back won't change my mind
I will follow You all of my life
The cross before me
My past behind
Oh, I will follow You all of my life

Jesus I proclaim
I'm marked by only You
May I bring You faith
May it all be unto You

Because Jesus
You're the reason
My whole life has changed
Yes Jesus
You're the reason
I'm standing here today

No turning back won't change my mind
I will follow You all of my life
The cross before me
My past behind
Oh I will follow You all of my life

No turning back
No turning back won't change my mind
Oh I will follow You all of my life
The cross before me
My past behind
Oh I will follow You all of my life

Yes I will Jesus
I'm gonna follow You

I have decided to follow Jesus
I have decided to follow Jesus
I have decided to follow Jesus
No turning back no turning back

Sing it again
I have decided to follow Jesus
I have decided to follow Jesus

I have decided to follow Jesus
No matter what
No turning back no turning back

I have decided to follow Jesus
I have decided to follow Jesus
I have decided to follow Jesus
No turning back no turning back

No turning back no turning back
No turning back no turning back
No turning back no turning back
No turning back no turning back

No turning back won't change my mind
Oh I will follow You all of my life
The cross before me
My past behind
It's behind
Oh I will follow You all of my life

Say no turning back
No turning back won't change my mind
Oh I will follow You all of my life
The cross before me
My past behind
Oh I will follow You all of my life

Yes I will follow You all of my life
Oh I will follow You all of my life
Yes I will follow You all of my life
