

# Nothing Like Your Presence (Spontaneous)

The Belonging Co

Oh, oh we need You  
I'm longing for a fresh encounter with You now  
I'm longing for a fresh encounter with You now, God  
Oh, with You now

Come and do what only You can do  
Come and do what only You can do  
Fill my heart again  
Fill my heart again  
Oh, with Your spirit  
With Your power  
Oh, with Your love  
With Your joy

I'm hungry for You  
I'm thirsty for You now  
I wanna know You like I've never known You before  
I wanna know You like I've never known You before

Come on wherever you are, just begin to open your heart  
Open your mouth  
Begin to cry out your praise  
Begin to cry out and stir up your hunger now  
I don't care if you're not in this room  
I don't care if you're in your living room right now  
Just begin to lift your voice  
Begin to cry out to Heaven  
Cry out to Heaven

Oh  
Yeah  
We're hungry for a fresh encounter with You, God  
Oh, I need a fresh encounter with You, God  
Yes God  
Yes God  
Yes God

Oh Your anointing breaks the chains  
Oh, it's Your anointing that breaks every chain  
Break every chain

Soften my heart

Yes I do God, yes I do God  
Come and soften my heart again  
Soften my heart again

I wanna know You like I did that first time  
I wanna feel You like I did that first time  
Oh, that first time  
Oh, that first time  
Won't You take me back to that first time  
To that first time, just like that first time

I knew that I was lost without You  
And I knew that I was broken without You  
And then everything changed

And I felt I'd never be the same  
So I wanna know You right now  
So I wanna know You right now right now, right now

There's nothing like Your presence  
There's nothing like Your presence  
I wanna know You now  
Wanna know You now

There's nothing like Your presence  
There's nothing like Your presence  
I wanna know You now  
I wanna know You now

'Cause there's nothing like Your presence  
Oh, there's nothing like Your presence  
I wanna know You now  
I wanna know You now

Oh, there's nothing like Your presence  
Oh, there's nothing like Your presence  
I wanna know You now  
I wanna know You now

There's nothing like Your presence  
Oh, there's nothing like Your presence  
I wanna know You now  
I wanna know You now

Oh, there's nothing like Your presence  
Oh, there's nothing like Your presence  
Oh, I wanna know You now  
Oh

Oh, there's nothing like Your presence  
Oh, there's nothing like Your presence  
I wanna know You now  
I wanna know You now

Oh, there's nothing like Your presence  
Oh, there's nothing like, nothing like  
Wanna know You now  
Oh, yes

Oh, there's nothing like Your presence  
There's nothing like Your presence  
I wanna know You now  
Wanna know You now

Oh, there's nothing like Your presence  
Oh, there's nothing like Your presence  
I wanna know You now  
I wanna know You now

Oh, there's nothing like Your presence  
Oh, there's nothing like Your presence  
I wanna know You now  
I wanna know You now

No, there's nothing like Your presence  
No, there's nothing like Your presence  
Wanna know You now  
Wanna know You now
