The Belonging Co

Little by little
I'm seeing Your glory
As I look into Your eyes
Moment by moment
I'm living to know You
And I leave all else behind

In a world living upside down
You turn it right side up
You turn it right side up
Nothing better than the love I've found
I'm dancing in Your light
I'm dancing in Your light

'Cause nothing else can satisfy
You are the prize
You are the prize
You're all I want
For my whole life
You are the prize
You are the prize

You are the prize

Jesus forever
I want Your presence
What compares to who You are
Nothing can stop me
I'm chasing You only
God I'm clinging to Your heart

In a world living upside down
You turn it right side up
You turn it right side up
Nothing better than the love I've found
I'm dancing in Your light
I'm dancing in Your light

'Cause nothing else can satisfy
You are the prize
You are the prize
You're all I want
For my whole life
You are the prize
You are the prize

You are the prize
You are the prize
You are the prize
You are the prize

I'll follow You anywhere You lead
You are the treasure that I seek
Jesus You're everything I need
Woah

I'll follow You anywhere You lead

You are the treasure that I seek
Jesus You're everything I need
Woah

'Cause nothing else can satisfy
You are the prize
You are the prize
You're all I want
For my whole life
You are the prize
You are the prize

'Cause nothing else can satisfy
You are the prize
You are the prize
You're all I want
For my whole life
You are the prize
You are the prize

You are the prize
You are the prize
You are the prize
You are the prize
