

Turn Your Eyes

The Belonging Co

O soul are you weary and troubled?
No light in the darkness you see
But just one look at the Savior
Is life more abundant and free

So just look up, your help is on the way

Turn, turn your eyes upon Jesus
Look full, look full in His wonderful face
And the things of earth will grow strangely dim
When you turn, turn your eyes upon Him

His word forever unfailing
His promise an anchor to hold
Here in the midst of your sorrow
His presence is healing your soul

So just look up, your help is on the way

Turn, turn your eyes upon Jesus
Look full, look full in His wonderful face
And the things of earth will grow strangely dim
When you turn, turn your eyes upon Him
Turn your eyes

In the light of His glory and grace
There is freedom, healing, filling this place
In the light of His glory and grace
There is freedom, healing, filling this place
Oh, in the light of His glory and grace
There's revival, stirring, shaking this place
Oh, in the light of His glory and grace
There's revival, stirring, shaking this place
In the light of His glory and grace
Hear the chains hit the ground all over this place
In the light of His glory and grace
Hear the chains hit the ground all over this place
Hear the chains hit the ground all over this place
Hear the chains hit the ground all over this place

Turn your eyes upon Jesus
Turn your eyes upon Jesus
Turn your eyes upon Jesus
Turn it to Jesus
Turn your eyes upon Jesus

Turning your eyes
Come on and turn your eyes to Jesus
He is here
In this moment, He's never left you
He'll never forsake you
Oh, that's more than just something we say that sounds clever
It's more than superstition, it's a reality of the truth of the word of God
That He never leaves us, He never forsakes us
And in this moment His presence is tangible
In Hebrews, it says that a race has been marked out for us to run
And we are to run it with endurance

And all of us have been running a race uphill
For the last little while we've been on a hill
And we want to get off
But the Bible says run with endurance and this is what it says
You know how you do it
Fix your eyes on Jesus
Fix your eyes on Jesus
So in this moment right now
Fix your eyes
Fix your eyes on the Holy One
Fix your eyes on the One
Reach out and touch His garment
Reach out right now, He's here
His presence is here
He is healing, He's restoring
'Cause He is good, He is faithful
Oh, His word never fails
He never goes back on His promise
He never goes back on His word, no
He is good
Oh, right now fix your eyes on Jesus
Oh yes

In the light of His glory and grace
There is freedom, healing, filling this place
In the light of His glory and grace
There is freedom, healing, filling this place
Oh, in the light of His glory and grace
There's revival, it's stirring, shaking this place
Oh, in the light, yes, of His glory and grace
There's revival, it's stirring, shaking this place
Come on
Oh, in the light of His glory and grace
Hear the chains hit the ground all over this place
In the light of His glory and grace
Hear the chains hit the ground all over this place
Hear the chains hit the ground all over this place
Hear the chains hit the ground all over this place
Hear the chains hit the ground all over this place
Hear the chains hit the ground all over this place
(Hear the chains, hear the chains)
Hear the chains hit the ground all over this place
Hear the chains hit the ground all over this place

Turn your eyes upon Jesus
Turn your eyes upon Jesus
Turn your eyes upon Jesus
Turn your eyes
Turn your eyes upon Jesus

Fix our eyes on You, Jesus
Right now we're standing in the promise
Right now we're living Your faith
