

## For Agent 13

## The Besnard Lakes

my baby, don't go  
I never meant to feel that way  
my baby, don't go  
to be so haunted by a touch  
my baby don't go  
I'll play it back every day

my baby, don't go  
nothing is fair in love and war  
my baby, don't go  
I'll write you a love song  
my baby, don't go  
I'll love you whenever I'm wrong

my baby, don't go  
I play it back every day

it's your love, don't tell them what you know  
they have ways of making you tell them  
he messed up  
forsaking our love

it's your life and it's your love
