

Cupid

The Big Moon

I'm gonna get this perfectly right
I'm gonna get this perfectly right
I've been trying to catch an eye for a lifetime

I'm gonna get this perfectly right
He said, "I'm gonna shoot the perfect bullseye."

Draw the arrow back
Steel yourself
Tighten the string on your bow

Sorry I'm not your guy
Sorry I'm not your guy
Sorry I'm not

I've been waiting for a girl like you
But I'm not ready for the change

I'm gonna get this perfectly right
He said, "I'm gonna make the Earth shake tonight."
Pineapple juice, tropical Rubicon courage

Yeah, baby, take my wallet, my round
See my Johnny artfully tucked out

Draw the arrow back
Steel yourself
Tighten the string on the bow, bow

I've been waiting for a girl like you
But I'm not ready for the change

Time to turn, and run from romance
I'm backing out
Hit the target, hit the target another time

Sorry I'm not your guy
Sorry I'm not

I've been waiting for a girl like you
I'm not ready for the change
I've been waiting for a girl like you
I'm not ready for the change
