

## Formidable

### The Big Moon

Love you've got an island to sink  
Better leave the boat capsizing  
Oh, ruminate in passionate sleep  
Better be a new sun rising

Did she make you swallow all your pride?  
Does the love still shiver down your spine?

Hi, I'm not invisible  
I'm on your side  
I'll be formidable  
I'll be formidable

Yeah let me heal your battle scars  
Run my ship to ground  
Yeah nothing is gonna take me down  
Give me everything you got  
Let your heart beat loud  
Yeah nothing could turn me round

Hi, I'm not invisible  
I'm on your side  
I'll be formidable  
I'll be formidable  
I'll be formidable  
I'll be formidable
