

Runaway

The Bird and the Bee

I think I know better
I don't hit like a feather
I just feel something
I'll put it on the line
But if you don't know
I don't mind
Just say so
But take your time, move real slow, and let me say before you go
That we should get closer?
We should lose our composure
Act it out like someone half our age
You could kiss and tell
I don't mind some cheap motel
Let's take our time, move real slow, but me let say just so you know

Don't you run away [x3]
Baby we could rule this town
So please
Don't you run away [x3]
Won't you turn around
Come on
Don't you run away [x3]
Don't make me run you down
No no no
Don't you run away [x3]
Don't you run way from me

I know I'm ambitious
But you're so delicious
I wish every day was Sadie Hawkins day
Coming on strong
That's my way
I can't be wrong
Give an inch, take a mile, please don't go, sit down a while
We could get fancy
You could dine me and dance me
But I'm telling you that's really not my style
I'm a cheap date
No mystery
No switch, no bait
You could search whole wide world
I'm just not like any girl

Don't you run away [x3]
Baby we could rule this town
So please
Don't you run away [x3]
Won't you turn around
Come on
Don't you run away [x3]
Don't make me run you down
No no no
Don't you run away [x3]
Don't you run way from me
