

Will You Dance?

The Bird and the Bee

Will you dance
Will you move this way
We're like the light
We just fade away

What do you do when the music has its way with you
We say, aaaaaah
What do you say when the greatest night brings in the day
We do everything

I don't mind
I don't mind just wasting time
Wasting time is all there's ever been
I don't care
I don't care if people stare
People stare at all the wrong things
Aaaah, I don't mind (I don't mind)
Wasting time is all there's ever been

Will you climb
Will you come to me
We're like the ground
We're just density

What do you mean
When all you want is all you see
We say, aaaaaah
What do you see
When you look at me
We say everything

I don't mind (I don't mind)
I don't mind just wasting time
Wasting time is all there's ever been
I don't care (I don't care)
I don't care if people stare
People stare at all the wrong things
Aaaah, I don't mind (I don't mind)
Wasting time is all there's ever been

Don't make me wait
Whatcha gonna do
Whatcha gonna do
Whatcha gonna
Whatcha gonna do
Whatcha gonna do
Don't make me wait
Whatcha gonna
Whatcha gonna do
Whatcha gonna do
[x4]

I don't mind (I don't mind)
I don't mind just wasting time
Wasting time is all there's ever been
I don't care (I don't care)
I don't care if people stare

People stare at all the wrong things

Oooo...

Whatcha gonna do

Whatcha gonna do

Whatcha gonna

Whatcha gonna do

Whatcha gonna do

Whatcha gonna

Whatcha gonna do

Whatcha gonna do

[x3]
