

Roman Roman

The Birthday Party

Roman roman, you're so cute
Roman roman,
All the girls, they jump for joy
Roman roman, naughty boy
It's a short for polanski
Takes the first plane up to france (tonight)
I'll make more memories (tonight)
I'll take a chance
It's a hard time for romance-ki
And livin' within the norm (tonight)
Her eyes are crystal clear (tonight)
Her lips so warm tonight

Roman roman, you're so cute
Roman roman, substitute
Please be honest, please be true
Roman roman, I love you
Hold the party, I'll be coming home
Thirteen candles burning high (tonight)
My future lies behind me (tonight)
For I don't feel so shy
It's a short for polanski
So hard and fast, it's true (tonight)
All the blinds are drawn (tonight)
The whole world thinks of you tonight

Oh, it was cruel and mean
And she was only 13
Oh it's a crying shame
Roman you were to blame
Hats off to roman polanski
They never gave him a chance-ki
When he took down his pants-ki
He had
Roman roman, you're so cute
Roman roman, better be good
Please be honest, please be true
Roman roman, I love you
