

## No Satisfaction

The Black Angels

O, muse, I'm embarrassed of what happened  
Let's light up your down and get things happening  
We can't get no satisfaction  
We can't get no satisfaction

Hurry, hurry, hurry, Miss contractions  
Let's light up your down and get things happening  
We can't get no satisfaction

'Cause everybody likes to claim things  
And everybody likes to shame things  
And everybody likes to clang bells around

O, muse, I'm embarrassed of what happened  
Let's light up your down and get things happening  
No, we can't get no satisfaction  
We can't get no satisfaction

'Cause everybody likes to claim things  
And everybody likes to shame things  
And everybody likes to hang around  
They like to clang around

'Cause everybody likes to claim things  
And everybody likes to shame things  
And everybody likes to clang bells around
