

Surf City (Revisited)

The Black Angels

Grab your boards, it's time to get away
Wax them down, waitin' for the tidal wave
Vampire boys proclaim that Jesus saves
The pretty girls, waitin' at the hideaway

Surf City, here we come today

Grab your bags, it's time to fly away
Wax them up, waitin' for the tidal wave
I'm feelin' good, I feel alright
Until tomorrow, it's just another night

Surf City, here we come today

Grab your boards, it's time to get away
Wax them down, waitin' for the tidal wave
Vampire boys proclaim that Jesus saves
The pretty girls, waitin' at the hideaway

Surf City, here we come
