

Here Comes the Kick

The Black Box Revelation

Down on the ground
Stormhunter's lying
the blue looks quiet
maybe it's lying

Here comes a cloud
to give it away
Stormhunter's watching
here comes his prey

The twist of the wind
the howl and the scream
Stormhunter's laughing
He's living his dream

The tornado is raging
She's furious and quick
His feet leave the ground
Now here comes the kick
