

Rattle My Heart

The Black Box Revelation

The infinite days are over
today we'll have an end
get off your cloud she yells
the flowers i carry with me
the sweet smell of her hair
before dusk falls shell be mine
i said ra ra ra ra rattle my heart
rattle my heart
she'll be so excited
i'll take her everywhere
be my everyting girl
the nght had fallen quickly
the moon lit her road
what a knocking sound she got
i said a rarara rattle my heart
rararara rattle my heart
rararara whooo rattle my heart
my heart uhu ooh
