

# Kickin' My Heart Around

The Black Crowes

Just come out and say it  
Spit the words out of your mouth  
It needs no explaining  
'Cuz we both felt it go south

Just stop kickin' my heart around  
For the last time  
Stop kickin' my heart around

Well I told you so  
Not it's time to go  
Got to get this show on the road  
Just stop kickin' my heart around

In the beginning  
There was no wrong you could do  
Now in this ending  
I can't stand looking at you
