## The Black Dahlia Murder

Adam enters sedated Eve beneath wisdomless tree  
Death spell of the beckoning of the serpent forked tongue wags  
as his mouth it spews his wretchedness  
A paradise of pain  
An obscene Eden insane blood drips near the base of his erectio

Impart these burdens to all man, corruptively  
Poisoned the apple shines in hand, so rottenly  
At the tree of life with noose in hand, horrendously  
Divine insanity begins  
Absurd our innocence was lost  
Eternal is the cost transgress at the tree of good evil bestowi

All truths will be revealed mortality is sealed in god's name,  
it's believed that we should thank him when on this blackened d  
ay by his foul curse we were forsaken  
Impart awareness to all man condemningly  
Luring temptation placed in hand pervertedly  
The tree of wisdoms deviant in mockery  
Conceive our blasphemy  
Of god and serpent and snake shamed  
In our nakedness forever we're the blamed  
Of god and serpent of spectre and snake one in the same are the  
y a fiend of many names  
Pillaged hymen perforates  
It sorely gives away  
Unto the blood engorged lust  
Of sick humanity  
Swallow whole the both of them  
O Luciferian snake  
And so was spawned the soulless world  
When foul semen met poisoned egg  
Carnality unending the torment in divine in this garden of deli  
ght  
Depravity unceasing eternity defined  
Innocence left behind in this garden of delight  
Slithering gold majestic snake  
Asp who would hiss one thousand lies  
Coiling around the first created constrict them of their mortal  
lives  
Of god and serpent of spectre and snake shamed in our nakedness  
forever we're the blamed  
Of god and serpent of spectre and snake one in the same are the
